

INDEX TO VOLUME XXXII

Authors, Titles and Subjects

- Abnormalities
in skin potential fluctuations, during sleep of acute schizophrenic patients, 301-308
- Abnormalities in skin potential fluctuations during the sleep of acute schizophrenic patients, by RJ Wyatt et al, 301-308
- Abrahamson D, Brackbill Y, Carpenter R, Fitzgerald HE, Interaction of stimulus and response in infant conditioning, 319-325
- Abstracts, 98-107, 215-218, 327-330, 441-444, 549-558, 649-656
- Acid
studies on the role of, in the pathogenesis of experimental stress ulcers, 61-65
- Ackman P, see Katz JL
- Acne
stress and skin surface free fatty acids, 503-508
- Ader R, Effects of early experience and differential housing on susceptibility to gastric erosions in lesion-susceptible rats, 569-580
- Ader R, see Friedman SB
- Adrenal secretory responses
of patients undergoing cardiac catheterization, psychologic correlates of growth hormones and, 599-614
- Aircraft carrier landings
the stress of, 581-588, 589-597
- Airway reactivity
in asthmatic children, the interaction of psychologic stimuli and pharmacologic agents on airway reactivity in asthmatic children, 509-513
- Alpha-rhythm
cortisol effects on, 39-49
- d-Amphetamine
effects of, on swim-stress-induced inactivity, 51-59
- Amyotrophic lateral sclerosis (ALS)
psychological function in individuals with, 141-152
- Anderson LS, see Jacobs MA
- Anorexia nervosa
the mother-daughter relationship in, 201-208
- Arthur RJ, see Miller RG
- Arthur RJ, see Rubin RT
- Asthma
during psychoanalysis, the context of reported, 167-188
- Asthmatic children
effects of suggestion on respiration in, 409-415
- Asthmatic subjects
the interaction of psychologic stimuli and pharmacologic agents on airway reactivity in, 509-513
- Averaged evoked potential cortisol effects on, 39-49
visual, influence of triiodothyronine on selective attention in man as measured by the, 495-502
- Beahrs JO, Harris DR, Hilgard ER, Failure to alter skin inflammation by hypnotic suggestion in five subjects with normal skin reactivity, 627-631
- Behavior
stimulus-seeking, visual acuity and, 277-284
- Bell TA, see Schapiro H
- Blood pressure
systolic, in man by operant conditioning, differentiation of heart rate and, 417-423
- Blood pressure changes
in men undergoing job loss, a preliminary report, 19-38
- Blood pressure changes in men undergoing job loss: a preliminary report, by SV Kasl, S Cobb, 19-38
- Body boundary experience
experimentally enhanced, perceptual manifestations of, 87-94
- Body temperature
relation of swim-stress-induced inactivity to, 51-59
- Book Reviews, 108-112, 219-224, 331-336, 445-448, 559-560, 651-654
- Angst J, Die Somatische Therapie der Schizophrenie, reviewed by J Christ, 334
- Bakan D, Disease Pain and Sacrifice, reviewed by RC Misch, 220-221
- Brussel JA, The Physician's Concise Handbook of Psychiatry, reviewed by PL Russell, 224
- Caplan RB, Caplan G, Psychiatry and the Community in 19th Century America, reviewed by T Nadelson, 560
- Chertok L, Sapir M (Eds), La Fatigue (Fatigue), reviewed by MA Sperber, 335
- Committee on Psychiatry and Social Work, On Psychotherapy and Casework (Vol 7, No. 71), reviewed by JE Singleton, 222-223
- Devereux G, From Anxiety to Method in the Behavioral Sciences, reviewed by R Brodie, 223
- Ellenberger HE, The Discovery of the Unconscious: The History and Evolution of Dynamic Psychiatry, reviewed by PH Knapp, 651-654
- Eysenck HJ, The Biological Basis of Personality, reviewed by H Weiner, 332-334
- Grinstein A, On Sigmund Freud's Dreams, reviewed by CA Pearlman Jr, 335
- Hall J, Swensen DD, Psychological and Social Aspects of Human Tissue Transplantation: An Annotated Bibliography, reviewed by S Stone, 112
- Joffe JM, Prenatal Determinants of Behavior, reviewed by JL Frank, 559-560
- Kiss PG, Über die Grundlagen der Klinischen Psychologie, reviewed by PE Schuntermann, 223-224
- Klein DF, Davis JM, Diagnosis and Drug Treatment of Psychiatric Disorders, reviewed by
- Beahrs JO, Harris DR, Hilgard ER, Failure to alter

Pages 1-112, Jan-Feb; 113-224, March-April; 225-336, May-June; 337-448, July-Aug; 449-560, Sept-Oct; 561-666, Nov-Dec.

Book Reviews (continued)

- FH Frankel, 112
- Lader MH (Ed), *Studies of Anxiety* (British Journal of Psychiatry, Special Publication, No. 3), reviewed by CM Rosenberg, 221-222
- Marmor J (Ed), *Modern Psychoanalysis. New Directions and Perspectives*, reviewed by J Klauber, 331-332
- Mendel WM, Solomon P, *The Psychiatric Consultation*, reviewed by DR Lipsitt, 219-220
- Morrissey JR, *The Case for Family Care of the Mentally Ill* (Community Mental Health Journal), reviewed by A Becker, 445-446
- Neugarten BL (Ed), *Middle Age and Aging: A Reader in Social Psychology*, reviewed by EC Payne, 109
- Offer D, Sabshin M, *The Psychologic World of the Teenager: A Study of Normal Adolescent Boys*, reviewed by R Catlin, 447-448
- Poser CM (Ed), *Mental Retardation: Diagnosis and Treatment*, reviewed by NR Bernstein, 332
- Roback AA, Kiernan T, *Pictorial History of Psychology and Psychiatry*, reviewed by OM Marx, 446-447
- Rupp C (Ed), *Mind as a Tissue*, reviewed by MM Velasco-Suarez, 109
- Schneider PB (Ed), *Pratique de la Psychotherapie de groupe. II. Les Techniques (Practice of Group Psychotherapy. II. Techniques)*, reviewed by MA Sperber, 335-336
- Shneidman ES (Ed), *Essays in Self-Destruction*, reviewed by JA Russell, 447
- Silverman S, *Psychological aspects of physical symptoms*, reviewed by DR Lipsitt, 220
- Stokes GA (Ed), *A Giant Step—The Roles of Psychiatric Nurses in Community Mental Health Practice*, reviewed by RE Cohen, 111
- Wertheimer P (Ed), *Rêve et Conscience (Dream and Consciousness)*, reviewed by MA Sperber, 108
- Brackbill Y, see Abrahamson D
- Brain norepinephrine
relation of swim-stress-induced inactivity to, 51-59
- Breast
cancer of, psychoendocrine aspects of, 1-18
- Britt LG, see Schapiro H
- Brown WA, Mueller PS, *Psychological function in individuals with amyotrophic lateral sclerosis (ALS)*, 141-152
- Cancer
of the breast, psychoendocrine aspects of, 1-18
experiential and environmental factors in, a review of research with animals, 259-276
- Cardiac and respiratory function during sudden prolonged immobility in wild rodents, by MA Hofer, 633-647
- Cardiac function
and respiratory function, during sudden prolonged immobility in wild rodents, 633-647
- Carpenter R, see Abrahamson D
- Catecholamines
rat cardiac and brain, effect of instrumental heart-rate training on, 359-368
- Catheterization
cardiac, psychologic correlates of growth hormones and adrenal secretory responses of patients undergoing, 599-614
- Chester WJ, see Moldofsky H
- Cigarette smoking
psychologic aspects of, in men, 469-485
- Clark BR, see Miller RG
- Clark BR, see Rubin RT
- Cleveland SE, Johnson DL, *Motivation and readiness of potential human tissue donors and nondonors*, 225-231
- Cobb S, see Kasl SV
- Coleman M, see Epstein S
- Conron G, see Greene WA
- Constantine H, see Knapp PH
- Context of reported asthma during psychoanalysis, by PH Knapp et al, 167-188
- Copley D, see Holland J
- Coronary heart disease
in Sweden, an identical twin study of psychosocial factors in, 523-542
- Corticosteroid responses
in naval aviators, 581-588
- Cortisol effects
on averaged evoked potential, alpha-rhythm, time estimation, and two-flash fusion threshold, 39-49
- Cortisol effects on averaged evoked potential, alpha-rhythm, time estimation, and two-flash fusion threshold, by BS Kopell et al, 39-49
- Crawford WR, see Miller RG
- Creatinine excretions
diurnal variation and variability of whole and part-day measures, 337-350
- Creatinine excretions: diurnal variation and variability of whole and part-day measures. A methodologic issue in psychoendocrine research, by G Curtis, M Fogel, 337-350
- Crohn's disease
a psychosomatic comparison of patients with ulcerative colitis and, 153-166
- Curtis G, Fogel M, *Creatinine excretion: diurnal variation and variability of whole and part-day measures. A methodologic issue in psychoendocrine research*, 337-350
- DiCara LV, Stone EA, *Effect of instrumental heart-rate training on rat cardiac and brain catecholamines*, 359-368,
- Differential housing
effects of early experience and, on susceptibility to gastric erosions in lesion-susceptible rats, 569-580
- Differential susceptibility
to a viral agent, in mice housed alone or in groups, 285-299
- Differential susceptibility to a viral agent in mice housed alone or in groups, by SB Friedman et al, 285-299
- Differentiation of heart rate and systolic blood pressure in man by operant conditioning, by D Shapiro et al, 417-423

Pages 1-112, Jan-Feb; 113-224, March-April; 225-336, May-June; 337-448, July-Aug; 449-560, Sept-Oct; 561-666, Nov-Dec.

INDEX

- Dinello FA, see Swanson DW
- Drive theories of schizophrenia, by S Epstein, M Coleman, 113-140
- Edwards D, see Kopell BS
- Effect of instrumental heart-rate training on rat cardiac and brain catecholamines, by LV DiCara, EA Stone, 359-368
- Effects of early experience and differential housing on susceptibility to gastric erosions in lesion-susceptible rats, by R Ader, 569-580
- Effects of suggestion on respiration in asthmatic children, by JH Weiss et al, 409-415
- Ehrensing RH, Weitman EL, The mother-daughter relationship in anorexia nervosa, 201-208
- Engel GL, see Mei-Tal V
- Epstein S, Coleman M, Drive theories of schizophrenia, 113-140
- Eron LD, see Klatskin EH
- Excretion
 - 3-methoxy-4-hydroxyphenylglycol, in naval aviators, 589-597
- Experiential and environmental factors in cancer: a review of research with animals, by RS LaBarba, 259-276
- Failure to alter skin inflammation by hypnotic suggestion in five subjects with normal skin reactivity, by JO Beahrs et al, 627-631
- Fatty acids
 - skin surface free, stress, acne and, 503-508
- Fitzgerald HE, see Abrahamson D
- Fogel M, see Curtis G
- Follow-up of patients starved for obesity, by SW Swanson, FA Dinello, 209-214
- Fram DH, see Wyatt RJ
- Friedman SB, Glasgow LA, Ader R, Differential susceptibility to a viral agent in mice housed alone or in groups, 285-299
- Friedman S, see Knapp PH
- Frustration
 - responses to, in one-year-old infants, 243-257
- Gallagher TF, see Katz JL
- Gastric erosions
 - in lesion-susceptible rats, effects of early experience and differential housing on susceptibility to, 569-580
- Gender role determination
 - a critical review of the evidence from hermaphroditism, 449-467
- Gender role determination: a critical review of the evidence from hermaphroditism, by B Zuger, 449-467
- Glasgow LA, see Friedman SB
- Gordon RO, see McKegney FP
- Greene WA, Conron G, Schalch DS, Schreiner BF, Psychologic correlates of growth hormones and adrenal secretory responses of patients undergoing cardiac catheterization, 599-614
- Grinspoon L, see Wyatt RJ
- Gross CW, see Schapiro H
- Harris DR, see Beahrs JO
- Haskell D, see Jacobs MA
- Heart rate
 - differentiation of, and systolic blood pressure in man by operant conditioning, 417-423
- Heart-rate training
 - instrumental, effect of, on rat cardiac and brain catecholamines, 359-368
- Hellman L, see Katz JL
- Hermaphroditism
 - a critical review of the evidence from, 449-467
- Hilgard ER, see Beahrs JO
- Hofer MA, Cardiac and respiratory function during sudden immobility in wild rodents, 633-647
- Holland J, Maslin J, Copley D, Mental illness in lower class normal, obese and hyperobese women, 351-357
- Holzman PS, see Voth HM
- Hormones
 - growth, psychologic correlates of, and adrenal secretory responses of patients undergoing cardiac catheterization, 599-614
- Hot spots
 - thyroid, their relationship to life stress, 561-568
- Human and computer attempts to decode symptom language, by DP Spence, 615-625
- Human tissue donors
 - potential, motivation and readiness of, and non-donors, 225-231
- Human tissue nondonors
 - potential, motivation and readiness of, and donors, 225-231
- 17-Hydroxycorticosteroid excretion
 - multiple determinants of, in recruits during basic training, 369-378
- Hypnotic suggestion
 - in five subjects with normal skin reactivity, failure to alter skin inflammation by, 627-631
- Identical (An) twin study of psychosocial factors in coronary heart disease in Sweden, by I Liljefors, RH Rahe, 523-542
- Immobility
 - sudden prolonged, in wild rodents, cardiac and respiratory function during, 633-647
- Inactivity
 - swim-stress-induced, relation to body temperature and brain norepinephrine, effects of d-amphetamine on, 51-59
- Infant conditioning
 - interaction of stimulus and response in, 319-325
- Influence of triiodothyronine on selective attention in man as measured by the visual averaged evoked potential, by BS Kopell et al, 495-502
- Interaction (The) of psychologic stimuli and pharmacologic agents on airway reactivity in asthmatic subjects, by TJ Luparello, 509-513
- Interaction of stimulus and response in infant conditioning, by D Abrahamson et al, 319-325
- Jacobs MA, Knapp PH, Rosenthal S, Haskell D, Psychologic aspects of cigarette smoking in men: a clinical evaluation, 469-485

- Mei-Tal V, Meyerowitz S, Engel GL, The role of psychological process in a somatic disorder: multiple sclerosis. I. The emotional setting of illness onset and exacerbation, 67-86
- Mental illness
in lower class normal, obese and hyperobese women, 351-357
- Mental illness in lower class normal, obese and hyperobese women, by J Holland et al, 351-357
- Meyerowitz S, see Mei-Tal V
- Mice
housed alone or in groups, differential susceptibility to a viral agent, 285-299
- Miller RG, Rubin RT, Clark BR, Crawford WR, Arthur RJ, The stress of aircraft carrier landings. I. Corticosteroid responses in naval aviators, 581-588
- Miller RG, see Rubin RT
- Moldofsky H, Chester WJ, Pain and mood patterns in patients with rheumatoid arthritis: a prospective study, 309-318
- Mood patterns
pain and, in patients with rheumatoid arthritis, 309-318
- Mother-daughter (The) relationship in anorexia nervosa, by RH Ehrensing, Weitzman EL, 201-208
- Motivation and readiness of potential human tissue donors and nondonors, by SE Cleveland, DL Johnson, 225-231
- Mueller PS, see Brown WA
- Multiple determinants of 17-hydroxycorticosteroid excretion in recruits during basic training, by RO Poe et al, 369-378
- Multiple sclerosis
role of psychological process in a somatic disorder, emotional setting of illness onset and exacerbation, 67-86
- Mushatt C, see Knapp PH
- Naitoh P, see Kales A
- Nakamura T, see Schapiro H
- Nemetz SJ, see Knapp PH
- Norman MM, see Jacobs MA
- Obesity
follow-up of patients starved for, 209-214
- Operant conditioning
differentiation of heart rate and systolic blood pressure in man by, 417-423
- Pain
and mood patterns, in patients with rheumatoid arthritis, 309-318
- Pain and mood patterns in patients with rheumatoid arthritis: a prospective study, by H Moldofsky, WJ Chester, 309-318
- Palmer RD, Perceptual manifestations of experimentally enhanced body boundary experience, 87-94
- Palmer RD, Visual acuity and stimulus-seeking behavior, 277-284
- Pathogenesis
of experimental stress ulcers, studies on the role of acid in the, 61-65

Pages 1-112, Jan-Feb; 113-224, March-April; 225-336, May-June; 337-448, July-Aug; 449-560, Sept-Oct; 561-666, Nov-Dec.

INDEX

- Perceptual manifestations
of experimentally enhanced body boundary experience, 87-94
- Perceptual manifestations of experimentally enhanced body boundary experience, by RD Palmer, 87-94
- Pharmacologic agents
the interaction of psychologic stimuli and, on airway reactivity in asthmatic subjects, 509-513
- Poe RO, Rose RM, Mason JW, Multiple determinants of 17-hydroxycorticosteroid excretion in recruits during basic training, 269-378
- Poland RE, see Rubin RT
- Postpartum adjustment
projective test content during pregnancy and, 487-493
- Pregnancy
and postpartum adjustment, projective test content, 487-493
- Presidential Address, 427-439
- Preston TA, see Kales A
- Projective test content
during pregnancy and postpartum adjustment, 487-493
- Projective test content during pregnancy and postpartum adjustment, by EH Klatzkin, LD Eron, 487-493
- Psychoanalysis
the context of reported asthma during, 167-188
- Psychoendocrine aspects of cancer of the breast, by JL Katz et al, 1-18
- Psychoendocrine research
a methodological issue in, 337-350
- Psychological function in individuals with amyotrophic lateral sclerosis (ALS), by WA Brown, PS Mueller, 141-152
- Psychological process
role of, in a somatic disorder, in multiple sclerosis, 67-86
- Psychologic aspects of cigarette smoking in men: a clinical evaluation, by MA Jacobs et al, 469-485
- Psychologic correlates
of growth hormones, and adrenal secretory responses of patients undergoing cardiac catheterization, 599-614
- Psychologic correlates of growth hormones and adrenal secretory responses of patients undergoing cardiac catheterization, by WA Greene et al, 599-614
- Psychologic stimuli
the interaction of, and pharmacologic agents on airway reactivity in asthmatic subjects, 509-513
- Psychosocial factors
an identical twin study of, in coronary heart disease in Sweden, 523-542
- Psychosomatic (A) comparison of patients with ulcerative colitis and Crohn's disease, by FP McKegney et al, 153-166
- Psychosomatic field, by PH Knapp, 425-426
- Psychosomatic research
strategy in, 427-439
- Rahe RH, see Liljefors I
- Rats
lesion-susceptible, effects of early experience and differential housing on susceptibility to gastric erosions in, 569-580
- Respiration
in asthmatic children, effects of suggestion on, 409-415
- Respiratory function
and cardiac function, during sudden prolonged immobility in wild rodents, 633-647
- Respiratory illness
life stress and, 233-242
- Response
interaction of stimulus and, in infant conditioning, 319-325
- Responses to "frustration" in one-year-old infants, by Y Kramer, LA Rosenblum, 243-257
- Rheumatoid arthritis
pain and mood patterns in patients with, 309-318
- Riley J, see Weiss JH
- Rodents
wild, cardiac and respiratory function during sudden prolonged immobility in, 633-647
- Role (The) of psychological process in a somatic disorder: multiple sclerosis. I. The emotional setting of illness onset and exacerbation, by V Mei-Tal et al, 67-86
